RICHARD MCCAMBLY, LECTIO DIVINA, AND GREGORY OF NYSSA

An email arrives from Richard McCambly, with news that he has created a website for the practice of “lectio divina”. It’s at <http://www.lectio-divina.org/>.

Dr McCambly’s site also contains his own translations of the works of Gregory of Nyssa. These can be found [here](#), as PDFs, under the icon of Gregory, each with an introduction.

Excellent stuff!
