POST-DOC POSITION IN LATIN AND COMPUTATIONAL LINGUISTICS (LAUSANNE)

Posted for Francesca Dell'Oro:

The Faculty of Arts of the University of Lausanne invites applications for a Postdoctoral Researcher SNSF in **Computational Linguistics or Corpus Linguistics with a focus on Latin** in the Language and Information Sciences Department.

Expected start date in position : **1st March 2019** (or to be agreed)

Contract length : 4 years

Activity rate : 75%

Workplace : Lausanne-Dorigny

The successful candidate will work on the project « A world of possibilities. Modal pathways on the extra-long period of time: the diachrony of modality in the Latin language » founded by the Swiss National Science Foundation (SNSF n° PP00P1_176778).

The team will consist of the PI and of a PhD student in addition to the Post-doc.

The main tasks of the post-doc researcher will be:

- the development of suitable annotation schemes
- the creation and development of a database and of its interface
- the creation and maintenance of the website of the project
- the annotation of Latin texts
- the collaboration at various research activities connected with the project (publications and other ways of disseminating results)
