EUSEBIUS OF CAESAREA, SIX EXTRACTS FROM THE COMMENTARY ON THE PSALMS, IN ENGLISH

Last year I gave [a list of passages](#) from Eusebius' massive *Commentary on the Psalms* which deserved to be read in English. Thankfully Fr. Alban Justinus stepped up and translated six of these for us, before other events drew him away. I'd like to make that material accessible now. Here they are:

- [Eusebius-Commentary_on_the_Psalms_6_extracts-2019 \(PDF\)](#)
- [Eusebius-Commentary_on_the_Psalms_6_extracts-2019](#) (Word .doc)

The files can also be found at Archive.org [here](#).

As usual, these are public domain. Do with them whatever you like, personal, educational or commercial.

Our thanks to Fr. Alban Justinus for translating all this material!
